

As an AmeriHealth New Jersey member you have access to one of the most expansive physician networks in New Jersey. We want to provide you with tools to quickly and easily find participating providers.

## Easy-to-Use Search

A single search bar helps you quickly find doctors, facilities, treatments and services faster and more accurately.

## Doctor and Hospital Profiles

Informative doctor and hospital profiles and nationally recognized quality measurements help you find the doctor that is right for you. The profiles offer more than just location and phone number. They also show credentials, network and hospital affiliations, office hours, as well as gender, specialty, language and those who are accepting new patients.

## Rate and Review your Experience

Want a second opinion when choosing treatment options? Feedback and ratings provide insights into other members' experiences with doctor and hospitals. Anyone can read ratings and reviews, but you must be registered at [amerihealthexpress.com](http://amerihealthexpress.com) to share your own experiences.

## Compare Doctors and Facilities

The Compare feature allows you to easily compare up to five doctors and hospitals at once. You can compare specialties, education, board certifications, quality reviews, and more.
